Distinct Mediterranean Elegance

Introduce yourself to a classic! A pure Italian essence from the 30's. **Aqua di Parma Colonia**, created for men and women who are discretely elegant. Produced with artisan care, Aqua di Parma is the result of the perfect blend of Silician citrus fruit, lavender, rosemary, verbena and Bulgarian rose. These natural essences are mixed together with ancient knowledge to become a cologne that seduces both men and women beyond time.

Aqua di Parma has a complete line of prestigious products dedicated to the care and pampering of oneself. The Colonia is available in sprays and splashes, including a limited edition bottle to celebrate the opening of their boutique in Milano. A complete line of bath and body products that includes bath oil, bath powder, moisture cream, body lotion, after shave balm, bath gel, and deodorants. These products are made of the finest ingredients: Collagen, Vitamin E, Aloe, Calendula, Horse-chestnut, and Silk Powder. Indulge in the luxury of Italy!

In addition to the original Aqua di Parma Colonia, there is **Aqua di Parma Lavanda Tonica**, a blend of Mediterranean fragrances of Maritime Alp Lavender, Lemon and Orange Flower. This fragrance lends itself to a regenerating freshness. It pleases both feminine and masculine tastes. This fragrance is also available in splash or spray.

Completing the Aqua di Parma fragrance collection is **Aqua di Parma Profumo**. Feminine by nature. More than 300 ingredients compose a natural and extremely refined bouquet in which delicate notes of Jasmine, Ylang-Ylang, Iris and May Rose stand out. Presented in an elegant bottle and is available in two sizes.

Clarins... not just skincare for women

Clarins introduces **Clarins Men**. Long live men's skin! Clarins recognizes that men's skin is different from women's and, in turn, their skin care needs. A nine item line that is specifically geared for men's skin and built around these four dynamics:

"Cleaning and Shaving"

"Moisturizing"

"Specific Problem Solving"

"Hair and Body Care"

The products are formulated to provide plenty of texture and benefit. In addition, the products are designed for comfort with a masculine approach.

Breakthrough technology from Darphin-Paris, results in a revolutionary NEW eye contour product that provides multiple benefits. This unique complex features state of the art, exclusive ingredients to treat ALL eye contour concerns: dehydration, puffiness, loss of firmness, wrinkles, dark circles, and lack of moisture - all in one product - so that you can SEE and FEEL the difference in your eye area!

Formulated with Darphin's exclusive Stimulskin Complex, Stimulskin Eye Cream is formulated with a very high concentration of active ingredients. First, MDI Complex, a unique collagen recovery complex based on natural plants extracts. It works by neutralizing the enzymes that damage collagen and elastin fibers in the skin. Therefore, it maintains the firmness, elasticity and thickness of the skin.

Secondly, Deepsane, an ingredient that promotes cell regeneration. It stimulates the skin's immune system by forming a protective barrier against environmental aggressors thereby preventing the skin from aging. And finally, a generous amount of Rose, Camomile, Mango and Wheat Protein to smooth and firm the skin in order to minimize fine

lines and wrinkles.

Immediate results show instant radiance, a softer smoother skin. With continued product use, the results are a firmer, more moisturized and more radiant eye contour area. Wrinkles, puffiness and dark circles are greatly minimized.
