Era Face Foundation

"The one and only spray-on foundation."

This will revolutionize the way you put on your makeup every morning! Just 5-6 seconds and you are done.

After a call from a plastic surgeon, makeup artist, Yolanda Halston became aware of the neglected customer in the beauty industry: women who had recently undergone cosmetic laser or surgical procedures.

She found her solution by means of her hair spray: a precise aerosol applicator. This is how the line of spray-on foundation began. Era Face is the first and only aerosol foundation.

The product delivers a fine mist of makeup to the face, which can be blended, or not, according to personal preference and coverage. Its refreshing mist gives skin a flawless "professional airbrush" finish, no blending required.

- *Era Face provides vital moisture without clogging pores.
- *Aloe Vera and Chamomile soothe and promote healing.
- *Vitamins A, C and E nourish and fortify skin.
- *Water and wear resistant.
- *Oil-free and SPF 20.

Asian Herbal Green Peel

Resurfacing the Natural Way with Asian Herbs

It is called the Herbal Green Deep Peel and it will give you the most beautiful skin in 5 days!

Dr. Christine Schrammek, a dermatologist and allergist, has developed a treatment without any chemical additives, synthetic peeling agents and has no side effects.

The Herbal Green Deep Peel is a scientifically developed skin regeneration with only pure natural plant extracts which have been world-wide recognized and proven as a highly safe and successful method of non-medical procedure.

The preparation is a compound of natural herbs, it is massaged into the skin during a facial treatment by the esthetician. It increases the blood circulation of the skin and causes the upper epidermal layers to peel off.

When the Herbal Green Deep Peel is massaged into the skin, small herb particles lightly polish the surface layers of the skin. Then, other active ingredients will be absorbed by the skin over the next 48 hours. They will release valuable, naturally active ingredients such as vitamins, plant hormones and enzymes.

After the treatment, the skin feels a burning sensation, like a mild sunburn. Three to four days later, the skin comes off. On the fifth day, the follow up treatment takes place. There is no redness in the re-surfaced skin, the complexion is fresh, radiant and clear.

This procedure is recommended for those interested in keeping their skin looking younger without plastic surgery and harsh laser peels. If your skin needs a boost due to damage brought on by the sun, age, stress or is simply lacking moisture and resilience, the Herbal Green Deep Peel is your answer.
