## French Limoges Collection on Display

Perfume house, Caron, has revived the fashion of "Perfume Boxes" which were highly sought after in the 18th century. According to the experts, these hand painted, porcelain perfume boxes are by far and away the most imaginative and the most beautiful in the market place.

The artist, Madame Vialard, has an outstanding international reputation in the world of porcelain painting. In her studio in Paris, Madame Vialard, achieves a depth of color and glaze that very few artists attempt.

Exquisitely detailed and original in design, these boxes contain miniature perfume bottles which can be complimentary filled from the tap of a Caron urn, with a choice of Caron's most famous extracts: Aimez-Moi, Fleur de Rocaille and Lady Caron.
